PROSPECTS FOR THE FINISH IN RACE FOR LEAGUE CHAMPIONSHIP

(By Associated Press.)
NEW YORK, July 27.—Interesting insight relative to the work of the big league baseball clubs is furnished by the figures compiled for the first half of the present pennant season. The data, while not official, is collected from the daily box scores and for the purpose of comparison is sufficient to show the strength and weakness of the sixteen clubs composing the National and American league circuits. Eliminating the games won and lost, as shown in the daily standing of the leagues, the total number of runs, hits, errors and left on bases are indicated for the first three months of the season and the resultant averages give a clear idea of the reason for the respective standing of the teams.

Giants in the Lead.
In the National league the New York Giants have scored 330 runs in 70 games, the average of hits being a trifle under two per run, while the error column shows a percentage of about 1 1/2 per game. With the exception of Cincinnati, the Giants have had fewer players left on base than any other club in the senior association. The Chicago club, playing eight more games than New York, has scored but one more run, eight hits less and made fifty more errors, in addition to having almost 100 more players left stranded on the bases. The St. Louis Cardinals' figures indicate that while winning close to 50 per cent of their games they failed to score within fifty runs of the leaders, although credited with an equal number of hits. Next to Pittsburgh and Boston the club is charged with the least errors in the league ranks, while but two other teams have fewer base runners left. Cincinnati scored runs at the rate of one for every 1.33 hits in addition to averaging but 1.32 errors per game. In men left on bases the club has the best record in the league, the figures being 428 in 76 games.

In the second division Philadelphia scored 312 runs and 612 hits in 70 games, made 161 errors and had 470 players stranded. Brooklyn in an equal number of games made 625 hits, 284 runs, 123 errors and 462 players got on the paths to be left there. The Pittsburgh record for 73 games is 237 runs, 558 hits, 194 errors and 491 base runners left, while Boston in an equal number of contests made 263 runs, 591 hits, 106 errors and had 503 players left between first base and the home plate.

American League.
The American league figures, which include the games in the same manner as in the National organization records, furnished some surprising information. The world's champion Philadelphia Athletics, while leading the league in number of runs and hits, have had more base runners left on the bags than any other club in the circuit except the Detroit Tigers. Three other clubs have made fewer errors, but none can equal the record of runs and hits totaled by Connie Mack's men at the midway mark of the season.

In 82 games the Athletics scored 362 runs, 696 hits, 129 errors, and had 539 players left on base. Detroit in one game less tall 71 hits and 46 runs short of the Philadelphia record, while making 11 more errors and leaving 11 more men on base. Washington's figures for 78 games were 289 runs, 607 hits, 120 errors and 484 runners stranded. The Chicago White Sox, playing one game less, scored 377 hits, 249 runs, 149 errors and 472 Chicago players reached first and were left on the paths.

The St. Louis Browns, while charged with more errors than any other club in the league, had the fewest players left, their record being 265 runs, 608 hits, 157 errors and 428 left on bases in 82 games. The Boston club led the league in clean playing, but 110 errors being charged against Manager Carrigan's men in 81 games. The Red Sox made 595

hits, 263 runs and had 478 runners marooned. The New York Yankees, second in fielding and players left on bases, showed extreme weakness with the bat, being last in number of hits and runs. The record of the New York club under Chance was 226 runs, 496 hits, 118 errors and 465 left on base. Cleveland had 608 hits, 274 runs, 138 errors and 456 left on base.

Next Winter's Tour.
Reports that two big league baseball clubs will tour Ireland and parts of continental Europe again next winter have led to several requests that the teams visit England during the trip. This is accepted as bearing out the statements that baseball is really gaining a following in the British Isles. Writing on the subject a well known American athlete now abroad states there is evidence that cricket is losing some of its popularity among English sport devotees. His comments follow:

"The White Sox and the Giants made more of an impression in England than one would suspect from reading the newspaper accounts of the game in the English papers. I have found out that the English appreciated the speed of our game as compared to cricket, that they marveled at the accurate throwing and catching and liked the idea of the game being completed in one afternoon instead of three days as cricket does. I am told that cricket is losing its hold on the people, that baseball clubs have already been formed and that many have given up cricket for tennis. The opportunities for playing both baseball and tennis are far greater here than in the larger cities of the eastern states.

"For instance, London, which sets the athletic fashion for England, is infinitely superior to New York as a training ground for athletes, principally because of the hundreds of parks, called squares, where there are tennis courts and a large space in which to exercise or play baseball. Any one who lives in the houses surrounding these parks is entitled to the use of the courts and exercise grounds, and there are so many of these parks that almost everyone has an opportunity to get good healthy exercise, especially in the summer time, when the light lasts until nine o'clock in the evening.

EDWARD L. MIMS JUSTICE OF PEACE

Edward L. Mims has filed his nomination for justice of the peace on the Democratic ticket and he promises to give the people of Tonopah a square deal if he should be elected. Mr. Mims was one of the first stalwart Democrats to come to Tonopah, appearing here in 1902 and taking an active part in local politics by sharing the first Democratic convention held in this camp. The candidate is outspoken for the principles of good government and assures the voters that his record of the past twelve years as a resident of the camp will furnish all the arguments he is going to make through the campaign.
